

# Interprofessional Team-Based Care

## What Will My MAs Learn?

- Key elements of interprofessional education and the patient-centered medical home model
- The make-up of the interprofessional team
- The role of each of the key members of the team, both clinical and non-clinical
- Concepts to model and improve interprofessional communication and teamwork
- How the elements covered in the course apply to a case study of a complex primary care patient

## Cost & Model

- \$240 (\$20/hour of content)
- 12 hours of content completed
- Participants receive a certificate of completion that can be used for re-certification
- For registration information, contact:
