

What Will MAs Learn?

- The importance of immunizations as a part of health promotion
- Core concepts of the vaccine schedule, needle choice, proper administration, storage, and handling
- How to document any vaccine-related events
- Describe the use of catch-up schedules
- Tools to support a comprehensive immunization program: standing orders, care gap reports, and others
- Discuss the role of patient education to improve vaccine acceptance rates

Cost & Model

- \$220 (\$20/hour of content)
- 11 hours of content completed
- Participants receive a certificate of completion that can be used for re-certification
